Have fun and play the GAME

excellence

**Our sports grass systems,
suitable for various applications,
all meet our demanding
quality standards and stand
out from the crowd.**

Sports Grass

Edel Grass has an extensive artificial grass collection for sports applications. All 'Made to win!' Our in-company R&D department gives us the ability to design, produce, test, and refine our artificial sports grass systems.

They are designed to offer high-quality use during their entire life span. We strive to deliver systems that perform in any climate and can be used in all weather conditions. Therefore, we only use materials of the highest quality and work with suppliers that can meet our demanding quality standards.

CHARACTERISTICS

- The best alternative to nature
- Year-round performance
- Uniform playing characteristics
- UV-stable & extremely durable
- Clear maintenance planning

SUSTAINABILITY

- Ecologically responsible produced
- Safe to people & environment
- Meets the strictest environmental guidelines
- Produced with recyclable materials
- Avoids risk of soil contamination

APPLICATION & USE

By involving us in your activities in an early stage, we are able to share our knowledge with you and help you approach your project the right way. We strive to be your partner, to support you in successfully building your projects.

Multi SPORT systems *made to win*

From talent to pro

The general term 'sport' with which this modern form is indicated, originates in England. This is stated as most world languages have a term derived from sport such as: spor, desporter or deport, and because many technical sport terms can be traced back to English. Sport is now spread across the world.

For a long time the meaning of sport was underestimated. Since the last century, the importance of sport in societies has been valued right. Sport connects and brings people together. It provides fun and relaxation and with sports people can compete in a healthy way. Sports fields and good surfaces are indispensable in this. Synthetic turf (multi) sports fields are ideal for this purpose and therefore meet an important global need.

Edel Base

*Olive green sand-filled multiuse court
Built on bound or unbound sub-base*

Edel Base Sand-filled

STRONG AND AFFORDABLE SPORT PRODUCT FOR MULTIUSE

Edel Base is the most economic multisport product we offer. It is developed solely for (urban) playgrounds and multisport pitches of different sizes. The low density requires a fair amount of stabilizing sand fill. The sand filled field is perfectly playable for players in all levels and can be enjoyed in- and outdoors, all year-round. If you need to realise a strong and robust multisport field against a limited budget, Edel Base is the product to choose.

- Low density budget product
- Stabilizing sand for performance
- Strong fibrillated XT yarns
- Roll width incl. white line

excellence

Low pile height for multiuse
Robust against wear and tear
Good characteristics during lifespan
Playable for players in all levels
Suitable for in- and outdoor use

**roll width
407 cm¹**

Length according to
installation schedule.

Edel Flashblade

*Sand – EPDM–filled
Built on shockpad*

Edel Flashblade Performance-filled

AFFORDABLE QUALITY SPORT FIELD FOR MULTIUSE & PLAY

The Edel Flashblade yarn fulfills the needs when a competitive multisport field system is required. With its 12.000 Dtex and matt finishing, Edel Flashblade perfectly covers performance infill and gives the field an outstanding natural look. Due to its flash shaped yarn, the piles stay upright when played intensively. When built according approved specifications, a field built with Edel Flashblade can also be FIFA Certified.

12.000/6 DTEX

Flash shaped yarn

345 µm
Stabilizing core

- **Bi-directional resilience**
- **Perfect wear and tear**
- **Natural bicolor**
- **Roll width incl. white line**

excellence

Durable multisport field
Qualitative economic choice
Flexible flash yarn shape
Good grip and torsion properties
Predictable ball roll and behavior

**roll width
407 cm¹**

Length according to
installation schedule,
full length to cover
width of field.

Edel Elite SuperSoft

Summergreen sand-dressed multisport field

Preferrably built on bound sub-base

Edel Elite SuperSoft Sand-dressed

VERSATILE AND FAST PERFORMING MULTISPORT FIELD

Create a versatile performing field with this high quality artificial grass. The micro curled SuperSoft fibers provide a flat and fast non-directional playing surface, making it perfect for various sports. The field needs little sand, which is completely invisible due to the curled fibres. The turf allows optimal pivoting and sliding, making it an easy performer. Edel Elite SuperSoft needs no dragging after playing and requires relatively low maintenance.

roll width
407 cm¹

Length according to
installation schedule.

Edel Elite Paddle Pro

*Olive green sand-filled multiuse court
Built on bound or unbound sub-base*

Edel Elite Paddle Pro Sand-filled

THE MULTIUSE SOLUTION FOR TENNIS AND PADEL

Edel Elite Paddle Pro is developed for all-weather paddle courts and can be customised to every single location. The specific playing performance makes the system also suitable for tennis courts, offering a unique multiuse solution. The Edel Paddle Pro system has to be installed on a stable, free draining base and will require relatively low maintenance. The system has a superb water permeability with uniform and predictable ball bounce.

5.000/1^{DTEX}

Fibrillated tape

110 μ m

- **Dense fiber filling**
- **Minimal sand displacement**
- **Excellent wear and tear**
- **Roll width incl. white line**

**roll width
407 cm¹**

Length according to
installation schedule.

excellence

Suitable for tennis and padel
