*Now let's Play!*

# Have fun and play the GAME

**Our sports grass systems,  
suitable for various applications,  
all meet our demanding  
quality standards and stand  
out from the crowd.**

## Sports Grass

*Edel Grass has an extensive artificial grass collection for sports applications. All 'Made to win!' Our in-company R&D department gives us the ability to design, produce, test, and refine our artificial sports grass systems.*

They are designed to offer high-quality use during their entire life span. We strive to deliver systems that perform in any climate and can be used in all weather conditions. Therefore, we only use materials of the highest quality and work with suppliers that can meet our demanding quality standards.

### CHARACTERISTICS

- The best alternative to nature
- Year-round performance
- Uniform playing characteristics
- UV-stable & extremely durable
- Clear maintenance planning

### SUSTAINABILITY

- Ecologically responsible produced
- Safe to people & environment
- Meets the strictest environmental guidelines
- Produced with recyclable materials
- Avoids risk of soil contamination

### APPLICATION & USE

By involving us in your activities in an early stage, we are able to share our knowledge with you and help you approach your project the right way. We strive to be your partner, to support you in successfully building your projects.

# Multi SPORT systems *made to win*

## From talent to pro

**The general term 'sport' with which this modern form is indicated, originates in England. This is stated as most world languages have a term derived from sport such as: spor, desporter or deport, and because many technical sport terms can be traced back to English. Sport is now spread across the world.**

For a long time the meaning of sport was underestimated. Since the last century, the importance of sport in societies has been valued right. Sport connects and brings people together. It provides fun and relaxation and with sports people can compete in a healthy way. Sports fields and good surfaces are indispensable in this. Synthetic turf (multi) sports fields are ideal for this purpose and therefore meet an important global need.

## Edel Base

*Olive green sand-filled multiuse court  
Built on bound or unbound sub-base*

# Edel Base Sand-filled

**STRONG AND AFFORDABLE SPORT PRODUCT FOR MULTIUSE**

Edel Base is the most economic multisport product we offer. It is developed solely for (urban) playgrounds and multisport pitches of different sizes. The low density requires a fair amount of stabilizing sand fill. The sand filled field is perfectly playable for players in all levels and can be enjoyed in- and outdoors, all year-round. If you need to realise a strong and robust multisport field against a limited budget, Edel Base is the product to choose.

- Low density budget product
- Stabilizing sand for performance
- Strong fibrillated XT yarns
- Roll width incl. white line

**excellence**

**Low pile height for multiuse**  
**Robust against wear and tear**  
**Good characteristics during lifespan**  
**Playable for players in all levels**  
**Suitable for in- and outdoor use**

**roll width  
407 cm<sup>1</sup>**

Length according to  
installation schedule.

## Edel Elite SuperSoft

*Summergreen sand-dressed multisport field*

*Preferrably built on bound sub-base*

# Edel Elite SuperSoft Sand-dressed

**VERSATILE AND FAST PERFORMING MULTISPORT FIELD**

Create a versatile performing field with this high quality artificial grass. The micro curled SuperSoft fibers provide a flat and fast non-directional playing surface, making it perfect for various sports. The field needs little sand, which is completely invisible due to the curled fibres. The turf allows optimal pivoting and sliding, making it an easy performer. Edel Elite SuperSoft needs no dragging after playing and requires relatively low maintenance.

**7.300/1<sub>DTEX</sub>**

Fibrillated PE tape

**63<sub>μm</sub>**

12,7 mm
