- Red sand **filled surface**
- Embossed line **system**

Edel Advantage Red Court

THE ULTIMATE ALTERNATIVE TO CLAY COURTS

Combining the playing characteristics and appearance of clay with the benefits of an all-weather playing surface. As with traditional clay courts, Edel Advantage Red Court (ARC) allows players to slide in a controlled motion, allowing coverage of the whole court area. Edel ARC can be installed on a stable, draining-free stone-base, asphalt or concrete. The court needs no watering system.

Characteristics

- Natural looking court
- Playing characteristics of clay
- No sprinklers or water needed
- Visible ball prints
